

The 8th May 1886.

The following statement of the total rain-fall during 1885, in each of the Taluk Head-quarters of the Province as distributed over the twelve months of the year, is published for general information. The rain-fall for the past year is also noted for comparison. It will be observed that the fall was on the whole comparatively much heavier than that of the previous year, viz., 1884.

The total figures for some of the Sub-Taluk marked \* show the quantity of rain-fall only for 5 months from August to December 1885, the information for the previous months as also for the year 1885 not being available.

Statement showing the monthly Rain-fall in the Province of Mysore for the year 1885.
